SOCCER'S OUTSTANDING PERSONALITIES

Mr. ALEX. CAMERON (President of the Adamstown Club)

Many of our younger generation of players do not perhaps know the subject of our outstanding personalities feature this week; but for their benefit, let me say there are a host of soccer men who will still tell you that Mr. Alex Cameron was the doyen of all inside forwards ever to play the round ball game in this country.

The Adamstown school has produced many soccer champions, but none greater than Alex.

He starred even as an under 12 and 14 years player, in which age groups he was chosen to represent Newcastle v Sydney and Queensland.

His junior career however, was shortlived, because the keen Adamstown scouts realised his outstanding ability and had him signed on the major form before his sixteenth birthday.

From there started a brilliant soccer career, and in 1924 Alex appeared in his first big rep. game against Canada.

It would take several pages to detail all of his representative honours, but it is sufficient to say that, in addition to test match appearances against Canada, England, Czechoslovakia, New Zealand and New Caledonia, he has probably played in more representative matches than any other player in this country.

Who of you who saw that great right wing combination—Charlie O'Connor (right half), Roy Crowhurst (outside right), and Alex Cameron (inside right)—will ever forget the sheer artistry of their triangular play?

Alex visited Java as a member of the Australian team in 1928, and has also had the honour of captaining an Australian test team—against New Zealand in 1936. His total test match appearances was 16.

He is quite certain that the best opposition he ever played against was the English professional side which visited Australia in 1925.

When I asked what was the greatest thrill of his career, he found it difficult to choose between two happenings. They were the Gardiner

cup medal he won when only 18 years of age, and the time when (as captain) he led an Australian test team on to the field.

Despite all that, his answer surprised me, when I asked him what was his most treasured "trophy". His simple and sincere answer was a grand tribute to the old "Rosebuds" members. Alex said he treasured, more than anything else he had ever received, an engraved tray and teaset which his Adamstown club colleagues presented to him on the eve of his wedding.

Many arguments have been heard on grounds, re Alex's birthplace. I can authoritatively tell you that he is a "Geordie", having first seen the world at Newcastle-on-Tyne, (England). He came to Australia when only five years old, but at the age of 23, it was touch-and-go whether he returned to the land of his birth.

At that time the Bolton Wanderers club made desperate efforts to induce him to sign a professional form, and it was only after a great deal of deliberation that he decided to remain in Australia.

Cricket and bowls are his other forms of recreation, and Newcastle folk who recall the "Goose" club cricket team, will remember Alex as one of the stars of that side.

Ever an artist in soccer, his artistic ability is now turned to gardening, and I doubt if there is a more beautiful array of roses to be found in the north than those of this former Australian star player.

Mind you, I do not wish to give him ALL the credit for all that accomplishment, because he has a great pair of "assistants" in the two greatest champions of Alex Cameron. They are Mrs. Cameron and his daughter. They sort of "keep him up to it", if you gather what I mean.

A painter by trade, Alex has turned his hand to almost everything industrial, and is a real handyman who generally accomplishes anything he sets out to do.

That is why I believe that his re-building campaign at Adamstown Oval will surely bring success, and eventually see the "Rosebuds"

fly yet another premiership flag over the pavilion.

He still favours the older style of "orthodox" play, by which he means the attacking centre-half. This, he believes, provides greater entertainment for the people who matter most—the paying public.

A courteous, efficient and most popular leader, he is a most pleasant person to meet and converse with, and if you add to those attributes his great record as a player, the tremendous service he has rendered the game in this country, you will readily acknowledge that few people present greater qualifications for inclusion amongst our outstanding personalities in N.S.W. and Australian soccer.

ADAMSTOWN'S WHIRLWIND SOCCER FINISH

STOVIES' CUP FINAL

WITH what should have been a stranglehold on the State League Cup, in the opening half of yesterday's hectic Cup final, Metters' mighty men were flat out to retain their grip against Adamstown's whirlwind finish.

THREE down at half-way, the Townies, with the breeze behind them, put the breeze up Metters' barrackers, and urged on by a vociferous crowd, staged a relentless, vigorous attack that carried them within an ace of the victors.

An equally vigorous defence kept the sharpshooters at bay in those final minutes, and Metters put another "mug" on the sideboard, with a grand 4-3 win.

A section of the Townies' supporters went berserk when State President, Dave Johnston, congratulated the winners and presented the Cup. The demonstration was all eye-wash, or the lack of it, for the Sydneysiders won on their merits.

It was Cup-tie football at its best. Robust, first time play was the order, and fancy-work was missing. The lack of "hot shots" throughout the play shows how determined were the tacklers.

Metters' brilliant team-work was never allowed to function, as the fans like to see it, but there were some purple patches, and these won for the Stovies.

Davidson was given no latitude by Henwood and Gregory. They were right on his toes. Henwood, particularly, whose brilliant tackling and clever clearances were a feature.

Screen played a great spoiling game in the centre and with Coolahan, whose grey matter paved the way for the Townies' goals, saw to it that the sharpshooters had the right material to win the game.

Twas the frontliners who marred things at critical stages by playing as individuals rather than as a team.

True, Barnett scored a fine, bustling goal, but such are only "perhapsers," and should be exploited sparingly.

Winger Waddington was wasted in the second half, so we don't know what he might have done.

Merrion on the right flank showed that he has what it takes, in the second half, when he crossed well frequently, though he is prone to shoot at the post instead of giving the chances to the inside men. In the first half he was just a player.

Cuthbert played well in the centre for Metters, and Jim Osborne was, as usual, the busiest man on the field. He thought he was needed everywhere in those final hectic minutes and seemed to have the ball tagged to his toes.

Hughes and Crowhurst were well guarded and only rarely did they break through. One fine bit of play left "Bully" with the last kick, when Crowhurst thought it was his, but Billy Morgan made a splendid diving save.

Spowall played the right type of game for the occasion and scored a fine opening goal.

Despite the attention that Henwood paid Wynn, Metters' star winger did a great job and managed to guide one into the rigging.

Metters 4 (Spowall 2, Wynn, Crowhurst) beat Adamstown 3 (Merrion, Clarke, Barnett).

State Soccer Cup To Stay In The North

By "The Onlooker"

THE STATE Soccer Cup stays in the North. West Wallsend won it on Saturday, defeating Metters by the odd goal in three. The trophy will not go far from its last resting place—Wallsend.

West Wallsend has always been a great cup-fighting team, and in its 40 years has had great success in cup competitions.

West Wallsend planned some months ago to win the cup. It decided that speed would pay the greatest dividends. It showed outstanding pace in all its cup-ties, and overwhelmed Metters on Saturday.

The victory was well deserved, and will do much to keep the code paramount in the West Wallsend area, where there has been some interest in other types of football recently.

State Soccer Cup To Stay In The North

By "The Onlooker"

THE STATE Soccer Cup stays in the North. West Wallsend won it on Saturday, defeating Metters by the odd goal in three. The trophy will not go far from its last resting place—Wallsend.

West Wallsend has always been a great cup-fighting team, and in its 40 years has had great success in cup competitions.

West Wallsend planned some months ago to win the cup. It decided that speed would pay the greatest dividends. It showed outstanding pace in all its cup-ties, and overwhelmed Metters on Saturday.

The victory was well deserved, and will do much to keep the code paramount in the West Wallsend area, where there has been some interest in other types of football recently.

WESTY WINS SOCCER CUP

IN a real Cup tie finish, West Wallsend beat Metters by 2-1 at S.C.G. No. 2 yesterday. Bush was the deciding factor in Westy's success. He booted a brace of fine goals.

This is West Wallsend's first Cup success in 14 years. Probably the youngest team in the competition, they played all over their more experienced rivals, and beat them to the kick.

Goalie Baker played an outstanding game for Westy, while R. Mutch did all that was asked of him to the locals.

G. and R. Robinson played solidly at full-back for the winners, and Pugh starred among the halves.

Bush was the best forward on the ground, and bamboozled Metters by his unorthodox methods.

Metters, as usual, were served best by Drummond and Johnston.

The half-backs, led by B. Hughes, gave the forwards a feast of the ball, but they made little use of it.

English naval player J. Salkie was their best forward, with Tom Iredale always a danger when in possession.

EASY SOCCER WIN TO WALLSEND

By "The Onlooker"

Wallsend yesterday won the State Soccer Cup, at Crystal Palace ground, by defeating Granville by five goals to two.

The victory was a triumph for the open type of play as against the third-back method, exploited by Granville. After an early reverse Wallsend gave its opposition little chance.

Wallsend shattered the idea that Granville's defence was almost impregnable. It should encourage those sides that have rejected suggestions that they should adopt the "stopper" system. Attack wins football matches still, and Wallsend won yesterday because it attacked.

It is noticeable that English clubs which introduced the defence system which spoils the game as a spectacle, are reverting to the old form of line-up and attack. In this, the five forwards advance as a unit. The centre half-back is an important part of the attack, and not a player solely intent on defence, with no more than a few yards in which to move.

Wallsend lost the first goal not long after the start. So well was Granville playing at this stage, that it seemed Wallsend was about to be eclipsed. But two men in Wallsend's defence stood out and saved many difficult positions. They were H. Parkes, who did some outstanding work, and G. Arthur. M. Jones, in goal, and the left half-back, R. Herd, also performed some notable deeds that helped stem the tide.

Took Command

After this uneasy period, in which G. Dawson scored for Granville when the Wallsend defence crowded its own goal, Wallsend took charge. C. Fraser, the team's pivot, began to move the ball and R. Date and A. Heaney, adopting the two centre-forward method, cut holes in the Granville defence group. Either Date or Heaney, both continually moving, worked into positions when not in possession, and led the Granville defence "up the garden path," leaving room for the other forwards to progress.

It was this factor that brought the first goal to Wallsend, Kemp

NO SPRINGBOK TEAM YET

JOHANNESBURG, Oct. 8.

A.A.P.—The South African Soccer Association declined an invitation to send a team to Australia next season but will consider sending one the following year.

(The Australian Association has agreed to a suggestion by the English Football Association that it entertain a side of English amateurs and professionals next season.)

and Frame cutting out a defender after Date had run across field to pull the "stopper" away from the goalmouth. The cross went to Heaney, who levelled the scores. Not long after this Peel scored with a remarkable shot from well out. No goalkeeper could have hoped to save it. Wallsend's one-goal lead rattled Granville, but it was still a force, and twice had Jones stretching to make good saves.

Wallsend's third goal clinched the victory. And, as much as a header can win a match, the header which Date made to put Heaney in possession, won the Cup for Wallsend, for much of Granville's sting went from its play after the goal. Date, menaced by A. Marshall and R. McLelland, tricked both by heading the ball backwards, instead of in front of him as they expected. The ball went to Heaney, who had rapidly closed in and, taking it in his stride, he crashed it past Thompson to give Wallsend its 3-1 lead. It should have been more, as Kemp moved the ball into an open goal which had been vacated by Thompson, but A. Henderson saved with a desperate lunge, almost on the goal-line. Then Heaney missed with a wild shot, Date headed against the bar and Kemp's shot hit the upright. It was a good lead, and Granville was a dejected team as the players sat in the dressing room talking over new plans.

Not long after the second half began, Wallsend was awarded a free kick a yard outside Granville's penalty box. The referee (W. McWilliam) ruled that Heaney had been "shepherded," a decision that met with little approval. Date wasted no time over the kick, but banged it into the net. The rule says—the ball must touch another player in its flight or it is not a goal. McWilliam could not have

seen that Granville's left half-back, G. Cameron, standing on his own goal-line, in a great effort to head the ball over the bar, headed it into the top of the net. I was within three yards of Cameron when he did this, and there was no doubt that the ball struck him and also knocked him down. The referee awarded a goal-kick.

Wallsend made up—for it a few minutes later when Frame, who had missed a few good opportunities by trying to work the ball too close, received a good pass from Heaney and hit the back of the net with an oblique drive.

Defence Slackens

This success caused Wallsend to slacken and Granville, by the aid of long passes, cut out Fraser and Arthur, drew Lonergan and Parkes and then, the ball going to McKenzie, reduced its deficit to two goals.

Date and Heaney were close-to scoring after that, but R. Peel, with a good shot from well out, scored the last goal to leave no doubt on Wallsend's superiority.

Wallsend deserved its victory because it played the faster and more forceful Soccer. Granville combined better, but too often made use-of-four-passes when two would have done. It too frequently made no progress, although as many as three players touched the ball. Wallsend's defence, once it settled down, was particularly good and, although not faultless, did the task allotted to it well.

Date and Heaney were the outstanding forwards. They worked well together and worried Granville to distraction. Heaney, who came down from his hotel at Currahubulla, about 200 miles away, must have counted the trip a pleasure. He not only scored two goals but had a hand in the others and was constantly dangerous. The only room for criticism in his play was his manner of using elbows and double blocks.

Date was well up to form and his nuisance value was great. He needed the two Granville players held off to watch him to hold him. He made sure they did their job so drawing opposition away from Heaney. Kemp was good and Frame brilliant in patches. Peel did his best job of the season.

Granville's best were A. Marshall who, despite an unhappy afternoon trying to slow down Date and Heaney, did some fine things, and E. Hulme, the best of the forward line, other members of which did not give either he or R. Marshall the support that might have turned the tide. The goalkeeper, R. Thompson, beaten five times, was sound, and the full-backs, A. Henderson and R. McLelland, were too often caught in the mesh of their own third-back game to be given full marks. The wing half-backs, G. Cameron and N. Rowlands, were too often dominated by Heaney to pass muster.

15x15 minutes extra time played.

Wallsend Easy Winner Of State Soccer Cup

By "CELTIC"

Wallsend Soccer Club won its sixth State Cup yesterday by beating Granville 2-0 at Wallsend.

Previously these teams had played a scoreless draw in Sydney.

Each team made one change, Nolan replacing Green in the Wallsend team, and W. McClausland replacing international Ray Marshall, who was unavailable, in the Granville team.

The game was one of the roughest on record, and most of the trouble was created by the Granville defence, members of which continually played the man instead of the ball with delayed tackles.

There was quite a scene after 10 minutes' play, when trouble developed as a result of Wall heavily tackling Frame in front of the pavilion.

Players from both sides lined up in groups, and several adopted fighting attitudes.

Referee K. Urwin ran across and warned both McClausland and McLeanhead.

Before play was resumed F.

Garside came across and argued with the referee.

Play then settled down for some minutes but again McClelland was cautioned for playing the man.

Heavy Tackles

Tackles were heavy and the standard of play deteriorated till Wallsend took the lead after 27 minutes' play.

Peel and Frame worked the ball downfield, and like a shot from a gun Johnny Morrow took possession 10 yards out and placed the ball past Trissee, who was unsighted.

Granville then showed its best football and clever play by G. Kendal and Vairey gave the visitors a long period of superiority.

A header by A. Garside missed by inches and moments later Kershaw tested Cairns with a low drive.

Neal was limping at this stage and Nolan and Arthur took over the defence with

Morrow moving into the centre-half.

With the advantage of the breeze in the second half Wallsend began to dominate the midfield.

When Bruce Morrow broke away he was bumped by a Granville defender and a penalty was awarded to Wallsend.

Arthur kicked the resultant spot kick against the bar.

Five minutes later Bruce Morrow put the issue beyond doubt when he outpaced three defenders to score a clever goal.

Kendal was next in the picture with a terrific drive which Cairns did well to save.

Granville now settled down but the experience of O'Brien, Arthur and Frame kept them out of danger.

At the end of the match State Director, Mr. S. A. Delves, presented the State Cup to Wallsend's skipper, George Arthur.
